HURRICANE SEASON 2025 "IT ONLY TAKES ONE! ARE YOU PREPARED?"

Ministry of General Affairs

The Government of Sint Maarten is seeking an experienced:

Sectiehoofd Beheer en Helpdesk (CTO) (Chief technical Officer (CTO))

As Chief Technical Officer (CTO), you are responsible for the technical infrastructure and technological operations of the Government of Sint Maarten. You ensure effective management and continuous innovation of the ICT infrastructure and systems. You serve as a strategic discussion partner on technological developments and ensure that technical solutions align with the long-term needs of the country.

Tasks and responsibilities:

- Managing the ICT Department's Technical Operations-Section and developing strategic technological solutions.
- Responsible for the management and optimization of ICT systems and infrastructure.
- Advising on ICT investments and implementing best practices.
- Leading technological projects and translating ICT needs into concrete technical solutions.
- Driving innovation and creating a future-proof ICT infrastructure.

Qualifications:

- Academic degree in IT, Computer Science, or a related discipline;
- At least five years of work experience in a managerial technical role or similar;
- Demonstrable experience in technical ICT roles and infrastructure management;
- In-depth knowledge of ICT management, technical systems and innovations;
- Proficiency in project management and implementing technological changes;
- Strong analytical and problem-solving skills.

What do we offer?

- A key role in improving Sint Maarten's ICT environment.
- A challenging work environment with ample opportunities for professional growth.
- An attractive salary between Cg 8,397.00 and Cg 13,138.00 along with excellent secondary benefits

Being in the process of continuous development, our work environment is a dynamic one with high expectations at all times.

Information:

For additional information about this function, please contact the Acting head of the Department of ICT Mr. Femi Badejo, via email at Femi.badejo@sintmaartengov.org.

Applicants:

If you are interested in this function, please send your application letter, CV and copies of your degrees to the following address: careers@sintmaartengov.org or submit at the Government Administration Building at Soualiga Road #1, Pond Island, Great Bay, before **July 18, 2025**. Please state your name and the job title in the subject of your application email.

Ministry of General Affairs

The Government of Sint Maarten is seeking an experienced:

Sectiehoofd Innovatie (Head of the ICT Innovation Section)

As Head of the ICT Innovation Section, you are responsible for the strategic innovation and development of the ICT infrastructure of Sint Maarten. You focus on creating future-proof technological solutions and infrastructure that meet the evolving needs of the government and society. You manage a team of specialists and work closely with other sections and departments.

Task and responsibilities:

- Leading the ICT Innovation section and developing strategic ICT innovations.
- Responsible for the sustainability goals and technological adjustments of the ICT infrastructure.
- Coordinating technological projects, including the implementation of new systems and innovations.
- Advising the manager and the ministry on technological investments and strategic choices.
- Supervising the integral management of ICT systems, architecture designs and information security.

Qualifications:

- Academic degree in IT, computer science or related discipline;
- Minimum five years' working experience in a similar managerial role;
- Demonstrable experience in ICT innovation and leading technological projects.
- In-depth knowledge of information security, architecture designs and data analysis.
- Skills in steering strategic technological goals and igniting innovations.
- Strong communication and leadership skills.

What do we offer?

- A challenging position in which you contribute to the technological future of the country.
- A dynamic work environment and the opportunity to work on complex innovations.
- An attractive salary and excellent employment conditions.
- An attractive salary between Cg 8,397.00 and Cg 13,138.00 and good secondary conditions

Being in the process of continuous development, our work environment is a dynamic one with high expectations at all times.
