ST. MAARTEN

Ministry of Tourism, Economic Affairs, Traffic & Telecommunications

Who are we?

St. Maarten is a young and dynamic country! We are engaged in continuous professional development towards a more customer-oriented, transparent, and effective organization.

Our Mission!

The Ministry of Tourism, Economic Affairs, Traffic and Telecommunication stimulates and facilitates the sustainable economic growth and development of St. Maarten. By our professional, customer orientated and result motivated approach, we strive to create a balanced environment where businesses, the consumer and government are mutually beneficial for the people of St. Maarten.

The Department of Statistics, within the Ministry of Tourism, Economic Affairs, Traffic & Telecommunications, is seeking an enthusiastic, dynamic, experienced, and educated professional to fill the following function:

Researcher/ Statistical Analyst B

The candidate must have the following **qualities and qualifications**:

- Master's degree or equivalent (based on experience) in the field of Applied Statistics, Economics, Public Administration, Commerce or a related field.
- A minimum of 1-3 years' experience in conducting research and presenting results, data operations and managing research projects
- Work experience in official statistics is a plus
- Experience in National Accounts or Social Statistic is a plus
- Expertise in Statistical software and Microsoft Office, especially Microsoft Excel
- Goal oriented with pro-active approach to problem-solving
- Strong written, oral, presentation and communication abilities
- Strong analytical and critical thinking skills
- Resourceful, dynamic and initiative-taker
- Able to prioritize, organize & oversee multiple projects & assignments
- Able to lead, train, motivate, and develop team (i.e. field workers)
- Able to manipulate data and analyze facts
- Flexible and willing to work longer hours when needed
- The possession of high integrity and the ability to handle information confidentially
- Dutch nationals are preferred.

Main Tasks:

- To execute various types and forms of surveys, research projects and production of Statistical information and publications
- To oversee, coordinate and revise multidisciplinary, broad and complex subject matters
- To advise on complex and sensitive legal-administrative matters
- To execute the implementation and evaluation of the subject matters
- To assume leadership in large or sensitive multi-disciplinary projects
- The ability to maintain the established contacts with stakeholders, internal departments and other countries to achieve a broad perspective and network in the fields related to the areas of Statistics and its many facets/aspects.

COMPENSATION

Salary ranges from minimum Cg 5,298.00 to maximum Cg 9,011.00. The salary is based on your relevant work experience and overall qualifications.

DID YOU KNOW?

You can receive a fine if you make a left or right turn where it is prohibited.

Why it matters: Ignoring turn restrictions creates dangerous traffic conflicts.

Reminder: Obey all posted turn signs.
